

FOR COLOR TREATED HAIR

Every color performed by our stylists is as unique as you. We ask that you defer to their expertise in caring for your unique combination of hair color, type and texture. However, as a general rule, we recommend refraining from washing your hair for 48 hours after any color service. We also recommend using cool to lukewarm for your first wash.

FOR CHEMICALLY TREATED HAIR

We recommend refraining from washing or wetting your hair for at least 72 hours after any chemical service. This includes smoothing, relaxing, perming and/or straightening services. If this is a new service for you and you would like additional styling tips and tricks to help with your new "do", please let us know. Any one of our VICI staff would be happy to assist you.

REWARD POINTS

Every dollar spent in services or retail goes toward earning Reward points. As points accumulate, they can be redeemed in \$5 increments. Points cannot be combined from other locations or other family member profiles.
